Order 3.—Commercial and Clerical Occupations.						
(300) Clerks, n.e.i.—						
Precise sub-division of clerical workers into occupation titles in Order 3 is not practicable. The duties of such workers overlap and census descriptions are sometimes vague or ambiguous. For example, a large number of clerks, typists, bookkeepers, cashiers, office machinists and other clerical workers were described as officers, bank officers, postal assistants, public servants or by other indefinite designation.
